# INNOVATION WE BELIEVE IN THE POWER OF COLOURS

Every year, we define together with international trendwatchers the most inspiring colours for our collection. The trends are based on the ever-changing needs. Our aim is to design pots with a contemporary look that makes our customer happy.

The latest colours of the 2020 season are based on 4 style trends:

## INNER RETREAT

We live in a performance driven society where we are constantly confronted with external influences. There is a need to escape from all of this and to find peace and tranquility. The colour scheme consists of light and delicate pastel shades that are complemented with natural tones. New colours : **corsica** 'vivid violet' and in **b.for soft** 'delicate pink'.

NEW COLOURS 181 255

## BLENDED CULTURES

We are looking for more diversity and openness to broaden our world view. Everything is possible! As such, the colour scheme consists of a diverse range of colours in which grey tints, as well as bright colours and natural shades can be combined with each other. New colours that can be found in the **loft** collection are: 'ochre' and 'lush green'.

NEW COLOURS 118 558

## FLINSTONE CHIQUE

More and more, we are becoming aware of the fragility of our planet. We are handling our world with more consciousness and care. The shapes are both elegant and robust. With regards to the interior, a renewed interest in the colour brown and combined with natural soft colours arises. The colours range from natural and nude pink to cool and warm brown tints. New **pure beads** collection in trendy new colours: 'pebble pink', 'walnut brown', and 'balanced beige'.

NEW COLOURS 154 456 770

## PRACTICAL CITY

Due to urbanisation and smaller living spaces, the demand for multifunctional living areas is increasing. This trend is all about being 'practical and well-organised'. An organised use of colour with a neutral base fits this trend, providing powerful colour accents such as the trend colour of 2020: coral red. We got inspired by this trend to develop the new **b.for studio** collection (exclusively designed by designer duo Daphna Laurens) with the new colour 'brilliant red'.
